## **Certification of Active Duty Deployment**

The Cooperative will not disconnect electric service to the residential premises of any member who is deployed on active duty for nonpayment for electricity provided to said residential premises.

Upon return of the member from active duty, the Cooperative will offer the member a period equal to at least the period of deployment on active duty to pay any arrearages incurred during the period of deployment. If the period the Cooperative offers the member for repayment presents a hardship, the member may request a longer period to repay the arrearages.

No late payment fees or interest will be charged to the member during the period of deployment or the repayment period.

"Active duty" means active duty pursuant to an executive order of the president of the United States, an act of the congress of the United States, or section 5919.29 or 5923.21 of the Ohio Revised Code.

The member must resume the timely payment of all charges for electric service provided by the Cooperative after the return from active duty deployment.

**In order to avoid disconnection of electric service for nonpayment for electric service during a period of active duty deployment, a completed Certification of Active Duty Deployment form must be submitted to the Cooperative.**

Certification of Active Duty Deployment forms are available from the Cooperative upon request.
